I am unable to participate, but would like to make a donation of
\$ _____ (Please make checks payable to the American Cancer Society)

What is Relay for Life?

Relay for Life is a celebration of life, a celebration of health, a celebration of cancer survivorship and a way to pay tribute to those who have lost their battle with cancer. Relay for Life raises funds to support the American Cancer Society's programs of research, education, advocacy and service. But, while fundraising for the Relay for Life is fun and competitive, it is also crucial to continuing the mission of the American Cancer Society. Since the American Cancer Society's research program was started, nearly \$2.5 billion dollars have been awarded to cancer researchers across the nation. Through Relay for Life, you make it possible for this life-saving research, and all of the education, advocacy and service programs of the American Cancer Society, to continue.

One in three Americans will be diagnosed with cancer at some point during their lives, and everyone will be touched by cancer at some point. Even though tremendous progress has been made in the fight against cancer, there is still much more to do.

Please join us for this year's Relay on August 8, 2015 at the Forest Lake High School.
